At Trostre there is a large out of town shopping area with a range of shops and the normal fast food outlets. It's a pleasant drive around the estuary and you can look across to the North Gower coast and try and spot Hill House and other landmarks. A short drive further on is Llanelli which has a traditional covered market and the usual range of high street shops. Park in the town centre Asda supermarket car park. It's pay and display but the fee is redeemable if you make some purchases in the supermarket. Swansea has a large traditional covered market but parking can sometimes be difficult.

To get to Trostre and Llanelli retrace the route back to the M4 through Penclawdd and Gowerton and take the first exit off the first roundabout (after the low bridge) signposted Llanelli. Keep following the signs for Llanelli and after passing through three roundabouts you eventually arrive at Trostre.
